

Pittsville School District's Vision and Mission:

Vision:

Expecting Excellence and Innovation, Honoring Legacy, and Embracing Partnerships

Mission:

Expecting Excellence and Integrity from all, developing Innovative students, strengthened through Partnerships with parents and the community.

1. Student and Staff Learning:

- a. Parent-teacher conferences are a virtual event for the first time ever. The PHS faculty has learned how to use new features in the Google Calendar to post available time slots where parents can access and choose a time that works for their schedules. Because of the use of technology, teachers are reporting that they have more scheduled conferences than ever before at the HS.

2. Innovation and Recognition:

- a. The PHS faculty has been very supportive of one another during these unusual pandemic times. They have been generous with their time, and lifted one another up, as they cover each other's classes to keep the school afloat.
- b. The PHS faculty came together to host our first live term assembly on November 4th. There were more than 50 attendees at the live event as the fall extracurricular activities, AP test - takers from the spring, honor roll, and perfect attendance students were recognized.
- c. Congratulations to Zoe Hale for completing over 120 Mobile Mind learning sessions, and earning Level 1 and 2 Google Certified Educator certification.
- d. In Term 1, there were eight students with perfect attendance. In this flexible definition of attendance, we considered any student who was physically present

for their cohort, checked in to classes on the off days with fidelity, and if absent, had a valid excused absence.

- e. The PHS High Honor Roll, which are students earning a 3.5 - 4.0 for the Term, consisted of seven freshmen, 15 sophomores, six juniors, and 18 seniors.
- f. The PHS Honor Roll, which are students earning 3.00 - 3.49 for the Term, consisted of seven freshmen, eight sophomores, 10 juniors, and eight seniors.

3. Looking Ahead:

- a. We are celebrating the fact our school has remained open for face to face instruction because of the diligence of mask-wearing, distancing, quarantine upon notice and cooperation of the community to stay home when someone in the home is not feeling well. The PHS faculty continues to grow and learn how to navigate teaching and learning in this new environment and, while challenges and opportunities for growth still remain, we are thrilled that our dedication to the students of PHS is evident with the percentage of successful students as shown by our honor rolls and attendance.
