EDUCATION OF HOMELESS CHILDREN AND YOUTH (Policy 411.2). The McKinney-Vento Act defines homeless children and youth as children and youth who lack a fixed, regular, and adequate nighttime residence, and includes children and youth who are: sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; living in emergency or transitional shelters; abandoned in hospitals; living in a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and; migratory children who qualify as homeless because the children are living in circumstances described above. Students exempted from such instruction will still receive instruction in the subject areas described in sections 118.01(2)(d)2c and 8 of the state statutes. Information on complete curriculum and instructional materials can be requested by contacting your child's principal.

SPECIAL EDUCATION. Upon request, the Pittsville School District is required to evaluate a child for eligibility for special education services. A request for evaluation is known as a referral. When the district receives a referral, the district will appoint an Individualized Education Program (IEP) team to determine if the child has a disability, and if the child needs special education services. The district locates, identifies, and evaluates all children with disabilities who are enrolled by their parents in private (including religious) schools, elementary schools and secondary schools located in the school district. A physician, nurse, psychologist, social worker, or administrator of a social agency who reasonably believes a child brought to him or her for services is a child with a disability has a legal duty to refer the child, including a homeless child, to the school district in which the child resides. Before referring the child, the person making the referral must inform the child's parent that the referral will be made. Others, including parents, who reasonably believe a child is a child with a disability may also refer the child, including a homeless child, to the school district in which the child resides. Referrals must be in writing and include the reason why the person believes the child is a child with a disability. A referral may be made by contacting Danielle Wilke, Director of Student Services, at 715-884-5233 or 5459 Elementary Avenue, Suite 2, Pittsville, WI 54466.

This is a state-administered program. A parent or guardian who is interested in the Special Needs Scholarship Program should independently verify the participating private schools and the specific terms, eligibility criteria, and application procedures of the scholarship program with the DPI. The Special Needs Scholarship Program is further defined under section 115.7915 of the state statutes. Additional information about the program should be available on the website of the Wisconsin Department of Public Instruction: <https://dpi.wi.gov/parental-education-options/special-needs-scholarship>.

Parental Involvement Policy (811) The Board of Education believes that the education of each student is a responsibility shared by the school as well as parents. The Board recognizes the need for a constructive partnership between the district and parents that provides for two-way communication and fosters educational support for students and parents. In this policy, the word "parent" also includes guardians and other members of a student's family involved in the student's education. In keeping with these beliefs, it is the intention of the district to cultivate and support active parental involvement and to set and realize goals for parent-supported student learning. To that end, the district shall:

1. Keep the citizens of the district regularly and thoroughly informed through all channels of communication on all policies, programs, and planning of the district, and to carry out this policy through its own efforts and through the offices of the district administrator and building principals.
2. Consult with and encourage parents to share in school planning and in the setting of objectives through participating in school advisory committees.
3. Help parents understand the education process and their role in supporting student achievement.
4. Inform parents of school choices within the district, including but not limited to, information about open enrollment, choice programs, and charter schools.

Information shall explain how the student's progress will be measured and how parents will be informed of such progress. This information shall also be provided to the building level and district committees.
6. Provide appropriate avenues for parents to find support in their role.
7. Encourage organizations for parents at each school building as well as at the district level. The organizations shall receive information concerning district and school activities and shall have opportunities for input into district decisions as appropriate.

The Pittsville School District has developed a diverse plan that utilizes input from district staff and community stakeholders. The plan is an important aspect of academic and career planning at Pittsville School District and ensures that all students will graduate prepared with knowledge and skills to enter the workforce.

It is the goal of Pittsville School District to offer rigorous and relevant career related opportunities for students in K-12. STUDENT ATTENDANCE (Policy 431, 431-Rule). The School Board believes attendance is a key factor in student achievement and believes that students must be in regular school attendance in order to successfully achieve the goal of high school graduation. Any person having under their control a child who is between the ages of 6 and 18 years of age (including through the end of the semester in which the child becomes 18 years of age), or a child enrolled in 5-year-old kindergarten in the District, shall cause the child to attend school regularly in accordance with state law. The child is expected to attend school on each day school is in session, unless he/she is excused from school attendance for any of the following reasons or has graduated from high school: 1) prior parent-excused absences, 2) other excused absences of a temporary nature, 3) program or curriculum modifications, 4) participation in a board-approved alternative program, 5) high school students who are no longer subject to compulsory attendance, 6) high school student approved to leave school grounds during a class period, 7) leaving school grounds during a student's scheduled lunch period.

The District retains discretion to approve or deny program and curriculum modifications requested to the extent permitted under applicable laws. The District Administrator or an administrative-level designee, may approve or deny such requests on behalf of the District. In the alternative, the administration may elect to refer a pending request to the School Board for an initial disposition (e.g., when the administration determines that the request has significant financial or operational implications for the District).

USE OR POSSESSION OF ELECTRONIC COMMUNICATION DEVICES (Policy 443.5). The School District of Pittsville may prohibit pupils from using or possessing electronic communication devices such as cell phones while on premises owned, rented, or under control of the School District. This policy may allow for the use or possession of such a device by a pupil when the Principal determines that the device may be used or possessed for medical, school, educational, vocational, or other legitimate use. Annually, each student in the Pittsville School District shall be informed of this Board of Education policy. Electronic communication devices such as cell phones will be confiscated if the device is being used in a manner that is contrary to the Student Handbook guidelines.

STUDENT BULLYING (Policy 411.1). Harassment and/or bullying of students will not be tolerated in the Pittsville School District, which includes any property or vehicles owned, leased, or used by the schools. The School Board considers these actions to be detrimental to the health and safety of students, and disruptive to the educational environment. The educational environment is defined as consisting of every activity under the supervision of each school. For purposes of this policy, harassment and/or bullying are defined as any conscious, willful, or deliberate act or attempted act, through the use of words or actions, which are intended to cause physical injury, emotional distress/suffering or property damage or which impact the learning environment.

Harassment and/or bullying could include acts motivated by, but not limited to, hostility toward the victim's real or perceived sex, race, color, national origin, ancestry, creed, pregnancy, marital status, sexual orientation, gender identity, social, socio-economic or family status, physical attributes, disability/handicap, or any other basis protected by state or federal law. Examples of acts of harassment and/or bullying include physical intimidation, force or assault, humiliation, bigoted epithets, vandalism, extortion, oral or written threats, taunting, put downs, name calling, threatening looks or gestures, false accusations, social isolation, retaliating against another student for reporting harassment or bullying, or any other behavior that substantially interferes with a student's school performance or creates an intimidating, hostile, or offensive school environment. Sexual harassment is a form of harassment and consists of unwelcome sexual advances, unwelcome requests for sexual favors, unwelcome physical contact of a sexual nature, or unwelcome verbal or physical conduct of a sexual nature. Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

All forms of harassment in cyberspace commonly referred to as cyberbullying is unacceptable and viewed as a violation of this policy. Cyberbullying includes but is not limited to the following misuses of technology: harassment, teasing, intimidating, threatening, terrorizing another person or group of people by sending or posting inappropriate and hurtful e-mail messages, instant messages, digital pictures or images, or website postings, including blogs or any other messages via cyberspace. For purposes of this policy, "cyberspace" is defined as a global domain within the information environment consisting of the interdependent network of information technology infrastructures, including the Internet, telecommunications networks, computer systems, and embedded processors and controllers. In situations in which Cyberbullying originated off school property or from a non-school computer or telecommunication device, but is brought to the attention of school officials, any disciplinary action shall be based upon whether the conduct is determined to be severely disruptive of the educational process so that it markedly impedes the day to day operations of a school. Such conduct includes, but is not limited to, harassment, bullying or making a threat off school grounds through cyberspace that is intended to endanger the health safety, or property of others at school, a District employee, or a school board member.

Any student who believes he/she has been subject to harassment and/or bullying may file a complaint in accordance with established complaint procedures or may complain directly to the building principal or designee. If the alleged harasser/bully is the person to whom the complaint would normally be made, the complaint should be made to the next higher administrative authority in the complaint procedure. Filing a complaint or otherwise reporting harassment and/or bullying in good faith will not reflect upon the individual's status nor will it affect his/her grades or benefits provided by the District. The District shall respect the confidentiality of both the complainant and the accused consistent with the District's legal obligations and with the necessity to investigate allegations of misconduct and to take corrective and/or disciplinary action when the conduct has occurred.

Any student or parent/guardian, or third party who becomes aware of or witnesses harassment and/or bullying has an obligation to report and will be supported by involved staff members in reporting the bullying/harassment to the proper authorities. Any District employee who becomes aware of or witnesses harassment and/or bullying has an obligation to intervene and report.

Students who engage in harassment and/or bullying in violation of this policy and/or retaliating against an individual for reporting harassment and/or bullying shall be subject to school disciplinary measures consistent with District policies and procedures up to and including suspension and/or expulsion. The Building Principal will develop administrative rules to implement this policy in their buildings. The District encourages students, staff, teachers, administrators, as well as third parties, to promptly report incidents of discrimination or harassment to a teacher, supervisor, administrator, or other District employee or official so that the District may address the conduct before it becomes severe, pervasive, or persistent. Any teacher, supervisor, administrator, or other District employee or official who receives such a complaint shall file it with the District's designated Compliance Officer. The following individual is designated to serve as the District's Compliance Officer: Danielle Wilke, Director of Student Services, 5459 Elementary Avenue, Suite 2, Pittsville, WI 54466, 715-884-5233, wilkedan@pittsville.k12.wi.us.

At no time does the School District of Pittsville relinquish its exclusive control of these lockers. These lockers are assigned to individual students as a convenient receptacle for storage of clothing, books, and other articles necessary for the student's use during the school day and shall not be used for any other purpose. Periodic general inspection of lockers may be conducted by school authorities for any reason at any time, without notice, without student consent, and without a search warrant. No padlocks other than those issued by the school may be used on school lockers. The school authorities will maintain a pass key for these padlocks. All school lockers and the contents within may be searched by school authorities for weapons, drugs, other contraband or any item that may place any student, employee, or anyone else on the school premise in danger. High school students who meet the eligibility requirements defined in applicable statutes, regulations, and District policies, and who submit timely and complete applications and notices, may be permitted to enroll in one or more program-eligible courses at an institution of higher education through the Early College Credit Program. The High School Principal or an administrative-level designee shall be responsible for (1) ensuring that the District appropriately processes requests/applications related to the Early College Credit Program; and (2) determining whether the District will approve individual applications and pay for specific courses based on the criteria established in state law, any applicable state regulations, and applicable District policies and procedures.

CLASS RANK UNDER THE UNIVERSITY OF WISCONSIN'S "GUARANTEED ADMISSION PROGRAM". Beginning with the 2023-24 junior (grade 11) class and provided that there are at least 15 students in the relevant class, high schools are required to annually prepare a class ranking of pupils enrolled in the high school as of the class's completion of grade 11. The sole criterion for ranking pupils must be the pupil's grade point average. The class ranking must identify those pupils who rank in the top 5 percent of their high school class and those pupils who rank in the top 10 percent of their high school class. The rankings relate to the "Guaranteed Admission Program" established for the University of Wisconsin system institutions under section 36.11(3m) of the state statutes. (The program is sometimes referred to as the "Wisconsin Guarantee.") Once the high school completes the ranking, section 118.58 further requires that the high school must: 1) Notify each pupil ranked in the top 10 percent of the pupil's high school class that the pupil is ranked, as applicable, in either the top 5 percent or in the top 10 percent of the pupil's high school class. 2) If applicable to the pupil, identify a top 5 percent or top 10 percent class ranking on the pupil's high school transcript as of the pupil's completion of grade 11. There is no statutory deadline for completing the class ranking, notifying the students, and notating transcripts.

STUDENT RECORDS (Policy 347, 347-Rule). The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the Director of Student Services a written request that identifies the record(s) they wish to inspect to the following address: School District of Pittsville, 5459 Elementary Avenue, Suite 2, Pittsville, WI 54466. The District official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the District to amend a record should write the Director of Student Services at the address above, clearly identify the part of the record they want changed, and specify why it should be changed. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent. Under state law, school districts are required to make student records available to district employees who are required by the DPI to hold a license, law enforcement officers who are individually designated by the school board and assigned to the school district, and to other school district officials who have been determined by the school board to have legitimate educational interests, including safety interests, in the records.

STUDENT RECORDS: DIRECTORY DATA DESIGNATIONS AND OPT-OUTS (Policy 347.1-Exhibit). In accordance with the District's designation and written notice of student directory data, the District may disclose a student's directory data to any person unless the student's parent or guardian (or adult student, if applicable) has notified the District, in writing, that any or all of the student's directory data shall not be disclosed. If an appropriate party exercises a valid opt out under this policy, then the District shall not disclose the directory data covered by the opt-out decision unless (1) an appropriate party provides advance written consent for the disclosure; or (2) the District determines that there is a separate and otherwise applicable exception to the confidentiality of the records that permits or requires such disclosure. Upon a student's initial enrollment and registration in the District, upon re-enrollment following a gap in enrollment, and upon each continuing student's initial transition into high school, the student's parent or guardian (or adult student, if applicable) shall be provided with a copy of the District's directory data notice and shall have 14 days to inform the school, in writing, that all or any part of the student's directory data may not be released without prior consent. During such 14 day periods, the District will avoid the release of the student's directory data under this policy.

RECRUITER ACCESS TO STUDENTS/RECORDS (Policy 347.1). Separate and independent of the District's designation of student directory data items under Policy 347.1, federal law requires the District to provide institutions of higher education and military recruiters, upon their request, with the following contact information for high school students unless an eligible student or the parent or guardian of a minor student has notified the District that such information shall not be released without the prior written consent of a parent of a parent or guardian (or adult student, if applicable): 1) to institutions of higher education: a high school student's name, address, and telephone number; 2) to military recruiters: a high school student's name, address, telephone number, and District-issued electronic email address. The District shall notify parents and guardians of high school students (or, if applicable, an adult student) of the options to opt out of such disclosures, and the administration shall implement appropriate procedures for submitting an opt-out decision to the District.

IMMUNIZATION REQUIREMENTS. The Student Immunization Law requires that all students through grade 12 meet a minimum number of required immunizations prior to school entrance. These requirements can only be waived for health, religious, or personal conviction reasons if the student (if an adult) or the student's parent/guardian or legal custodian submits a written statement to the school or child care center.

No person may participate in youth athletic activity unless the person returns the concussion and head injury information sheet signed by the athlete and, if he/she is under the age of 19, by his/her parent/guardian. Concussion Fact Sheets and the Parent/Athlete Agreement can be found on the district's website at www.pittsville.k12.wi.us.

School districts and other persons who operate certain youth athletic activities have an obligation under section 118.2935 to distribute information about the nature and risk of sudden cardiac arrest during such activities. The specific information that must be distributed will be developed and made available by the Department of Public Instruction, working in conjunction with medical experts and other stakeholders. In addition: (1) The information about sudden cardiac arrest must be provided in connection with any youth athletic activity, as defined under section 118.293(1)(c), that is offered to persons who are 12 years of age or older. (2) At the beginning of the season of any covered activity (for seasons that start on or after July 1, 2022), the operator of the youth athletic activity must distribute the information sheet to each person who will be coaching the activity and to each person who wishes to participate in the youth athletic activity. (3) The information about sudden cardiac arrest must be included in the same information sheet that addresses the nature and risk of concussions and head injuries in youth athletic activities (see the previous item in this document, above).
