Indicator 14 helps us describe the percent of youth who had IEPs and are no longer in secondary school, and who have been competitively employed, enrolled in some type of postsecondary school, or both, within one year of leaving high school. I completed our post-school outcome surveys and submitted the required information to the Transition Improvement Grant.

Part C of our Transfer of Service has been submitted to the DPI. Part C summarizes the requests submitted by our district for new special education costs. All costs were identified as eligible for categorical aid.
