PROPOSED PROJECT SCOPE:

- Build New Career & Technical Education Center (land included) \$ 6,400,000.00
 Replace High School Backup Boiler \$ 25,000.00
 Replace/Repair Primary Wing Roof
 Option #1: Replace material (only) w/comparable rubber material \$ 225,000.00
 - (or)
 - Option #2: Modify structure to improve roof drainage; replace \$ 475,000.00 material with sloped Standing Seam metal roof to extend life cycle

\$ 6.65M - \$ 6.9M

PROJECT SCOPE New Career & Technical Education Center | Conceptual Site Plan

\$6.65M PROJECT SCOPE

Estimated Average Net Tax Increase: \$ 0.19 (Represents increase over current levels)

	Annual Increase (Rounded)	Monthly Increase (Rounded)
\$ 100,000 of equalized property value	\$ 19.00	\$ 1.60
\$ 150,000 of equalized property value	\$ 29.00	\$ 2.40
\$ 250,000 of equalized property value	\$ 48.00	\$ 4.00

\$6.9M PROJECT SCOPE

Estimated Average Net Tax Increase: \$ 0.23 (Represents increase over current levels)									
	Annual Increase (Rounded)	Monthly Increase (Rounded)							
\$ 100,000 of equalized property value	\$ 23.00	\$ 1.90							
\$ 150,000 of equalized property value	\$ 35.00	\$ 2.90							
\$ 250,000 of equalized property value	\$ 58.00	\$ 4.80							

Assumptions:

- Mill rate represents an average net increase over current school tax level (2019/20)
- Mill rate average net increase includes principal and interest
- 15 year borrowing
- Interest rate = 3.25%
- Property growth = 1%

Note:

•

If approved, District residents would first note the tax impact on their December 2020 tax bills

*Debt schedules provided by PMA Securities, LLC

Referendum Shall the School District of Pittsville, Wood, Jackson, Clark and Juneau Counties, Wisconsin be authorized to issue pursuant to Chapter 67 of the Wisconsin Statutes, general obligation bonds in an amount not to exceed \$ for the public purpose of paying the cost of a school building and improvement program consisting of: the acquisition of land for and the construction of a new facility for career, technical and agricultural education; capital maintenance improvements at the Elementary School and the High School; and acquisition of related furnishings, fixtures and equipment?

□ YES □ NO

LONG-RANGE FACILITIES PLANNING Next steps

BOARD MEETING | JANUARY 13, 2020

- Action Item: ADOPT BALLOT RESOLUTIONS
- Review & Input: COMMUNICATIONS & OUTREACH PLAN
 - Present Key Messages & Key Graphics for all Material
 - Review REFERENDUM ANNOUNCEMENT POSTCARD (Mailer #1)
 - Review Preliminary REFERENDUM FACT SHEET
 - Discuss OUTREACH EVENTS CALENDAR
- Review ADVOCACY GUIDELINES
- o Q&A

REFERENCE SLIDES (Board Workshops: 10.24.19 and 11.11.19)

Program Update - Feedback from Staff Meetings

Project Overview | \$6.4M

- New facility construction for CTE and maintenance building
- Acquisition of land (included)
- 25,000 sq ft to incorporate programming and modern tools, technologies and equipment
- Expands offerings to meet student demand and growth in Technical Education and Agriculture
- Provides job-like learning environment for project-based and skilled trade experience
- Upgrades building security
- Offers community access for adult education, makerspace, etc.

COMMUNITY FEEDBACK [Listening Session - Community Survey]

1. What are the priorities of our community?

- 2. What are the program drivers and facilities needs?
- 3. What are the "non-negotiables" or boundaries for decision making?
 - Is doing nothing at this time an option for the Board?
 - Is the Board in agreement with the <u>maximum amount</u> to be spent on a facilities projects at this time?
- 4. Are there projects that should be modified, added, or removed based on community priorities? or evidence of new information?
- 5. What is the recommended project scope?

COMMUNITY FEEDBACK Listening Sessions

Community Listening Sessions (2016-2018)

- Participation of broad community (parents, non-parents, business, higher ed., and residents)
- Community identified priority for CTE programming and facilities
- Board requested facility assessment, option exploration and cost estimates

Architectural Design/Construction Options Explored

- Options (Renovate/Addition or New Construction)
- Criteria for Evaluation
- Estimating Costs

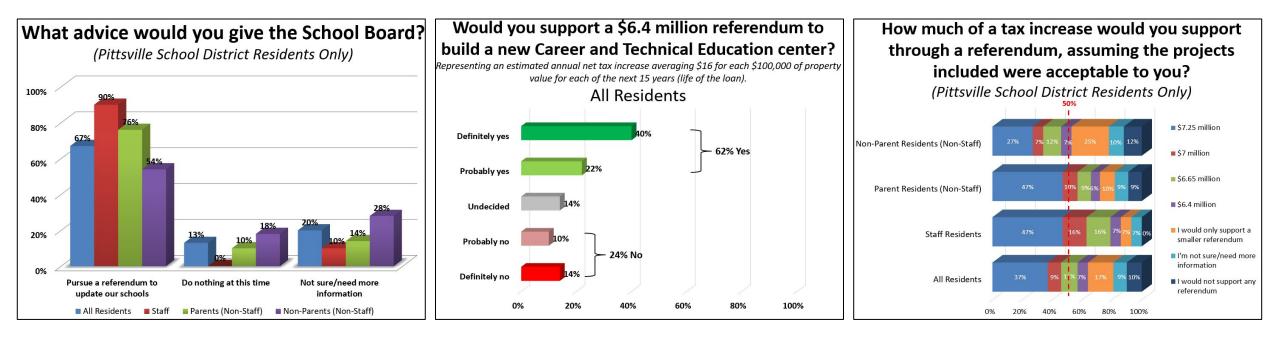

Cost & Benefit of New Construction

- Rationale from programmatic, design or construction perspectives
- Community feedback for new CTE

COMMUNITY FEEDBACK Survey

Community Survey Data (fall 2019)

- 23% participation (state average is 15-20%)
- 67% recommend the Board pursue a referendum
- 62% support a \$6.4 million referendum for new Career & Technical Education Center
- Majority support for tax increase of \$21 annually (\$1.75/month) per \$100,000 property value (Note: this equates to approximately \$6.65M of project scope)

SURVEY DATA PRESENTATION @ pittsville.k12.wi.us (top right \rightarrow COMMUNITY SURVEY)

How likely would you be to support a plan that provides funding to Very likely (3), Somewhat likely (2), Not likely (1)										
ltem	All Residents	Staff Residents	Parent Residents	Non-Parent Residents (Non-Staff)						
replace the high school backup boiler? Estimated cost: \$25,000	2.65	2.83	2.63	2.61						
replace the roof over the primary wing? Estimated cost: \$225,000	2.49	2.69	2.52	2.42						
update primary wing classrooms? Estimated cost: \$80,000	2.31	2.44	2.41	2.19						
add air conditioning/dehumidification systems in the 2000 section of the school? Estimated cost: \$180,000	2.25	2.46	2.44	2.04						
add indoor/outdoor accessible restrooms? Estimated cost: \$250,000	2.12	2.41	2.26	1.92						
repave the parking lots? Estimated cost: \$90,000	2.03	2.32	2.06	1.92						

FINANCIAL OVERVIEW

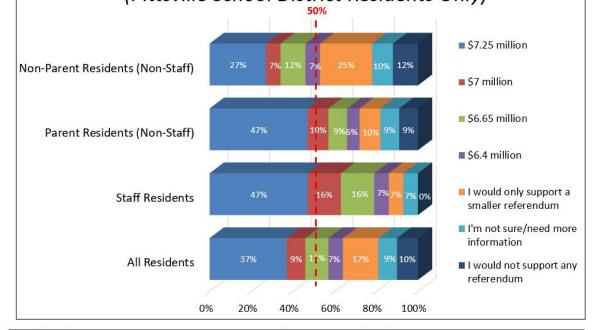

PROJECT COST & TAX IMPACT Scenario based on community feedback...

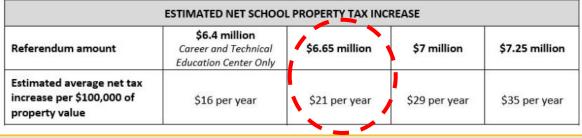

Project Estimated at \$6.65M (Scenario)

- Estimated tax increase = \$21.00 per \$100,000 of property value annually
- Estimated AVERAGE mill rate increase (over 2018-19) for debt service (principle + interest) = \$.21 per \$1,000 of property value
- Assumptions
 - 15 year borrowing
 - Interest rate range = 3.75%
 - Equalized valuation (growth) = 1%

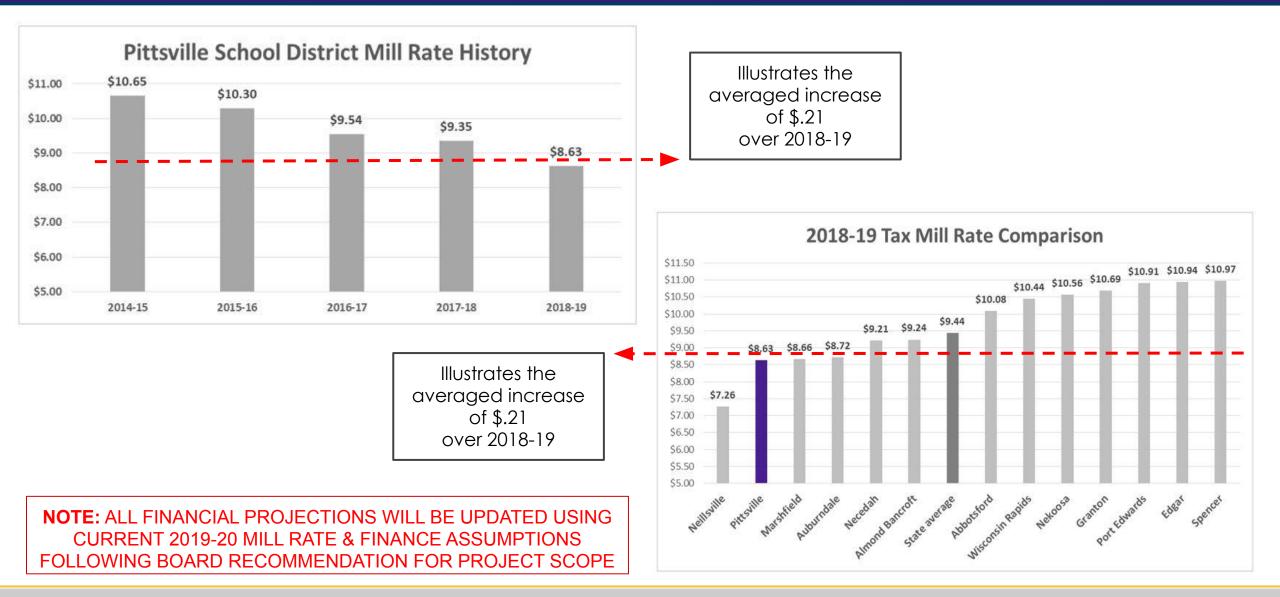

How much of a tax increase would you support through a referendum, assuming the projects included were acceptable to you?

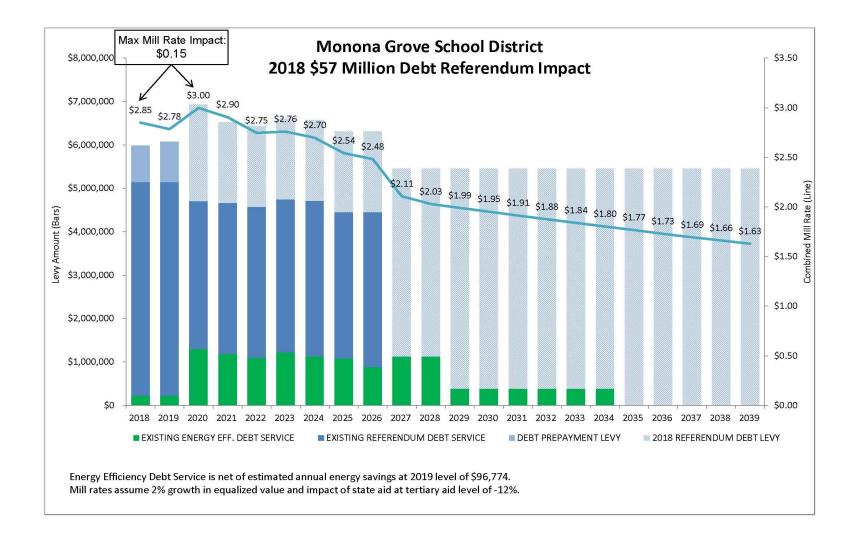

(Pittsville School District Residents Only)

MILL RATE HISTORY & COMPARISON Tax increase for potential \$6.65M project

Where do the funds (money) come from?

• Funds transferred from General Fund (10) may be used to establish a "trust"

How does this impact state equalization aid?

- Funds transferred are recorded as an expenditure for shared costs (spending) and equalization aid purposes
- Future expenditures from Fund 46 are <u>not</u> part of shared costs (spending)

What are the restrictions for the use of funds (Fund 46)?

- Prohibited from removing funds for 5 years after Fund 46 is established
- After 5 years, funds may only be used for projects/purposes as identified in the (approved) Long-Term Capital Improvement Plan

Potential Projects

Community Survey Results

Pittsville School District

Fall 2019

SCHOOL PERCEPTIONS

Our mission is to help educational leaders gather, organize and use data to make strategic decisions.

- Founded in 2002 to provide independent and unbiased research
- Conducted over 10,000 surveys for school improvement
- Helped more than 600 districts navigate the strategic planning and referendum planning process

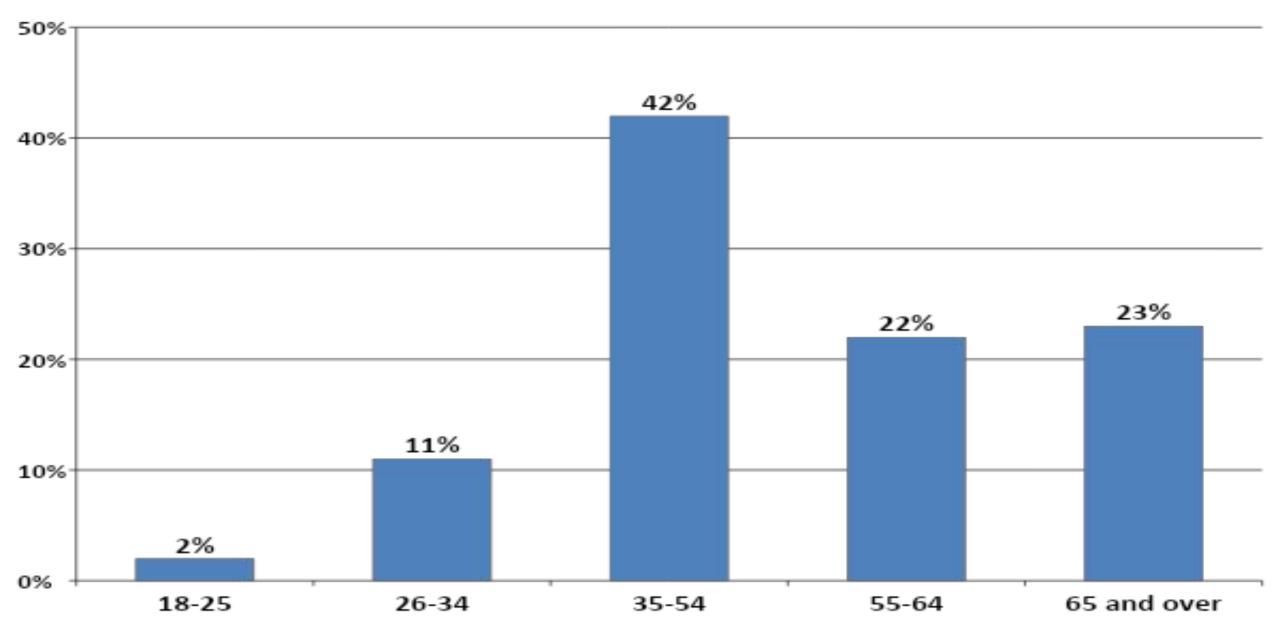

Survey Summary

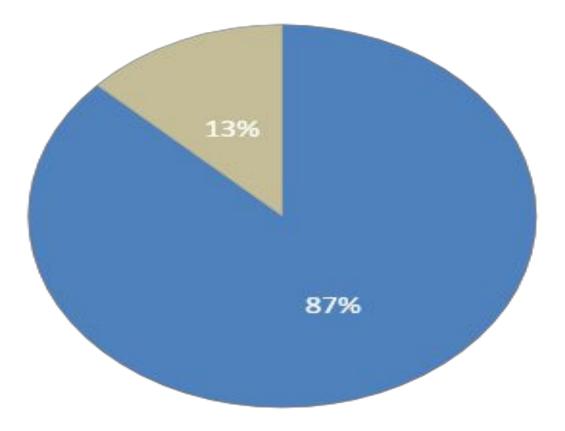

- The survey was conducted in September of 2019.
- Residents within the District were mailed a paper survey. Each survey included a unique survey access code for those who preferred to take the survey online.
- Total responses = 384 (148 paper)
- Participation rate = 23%
- Margin of error = 5.1%

Parents (Non-Staff) Non-Parents (Non-Staff)

District Feedback

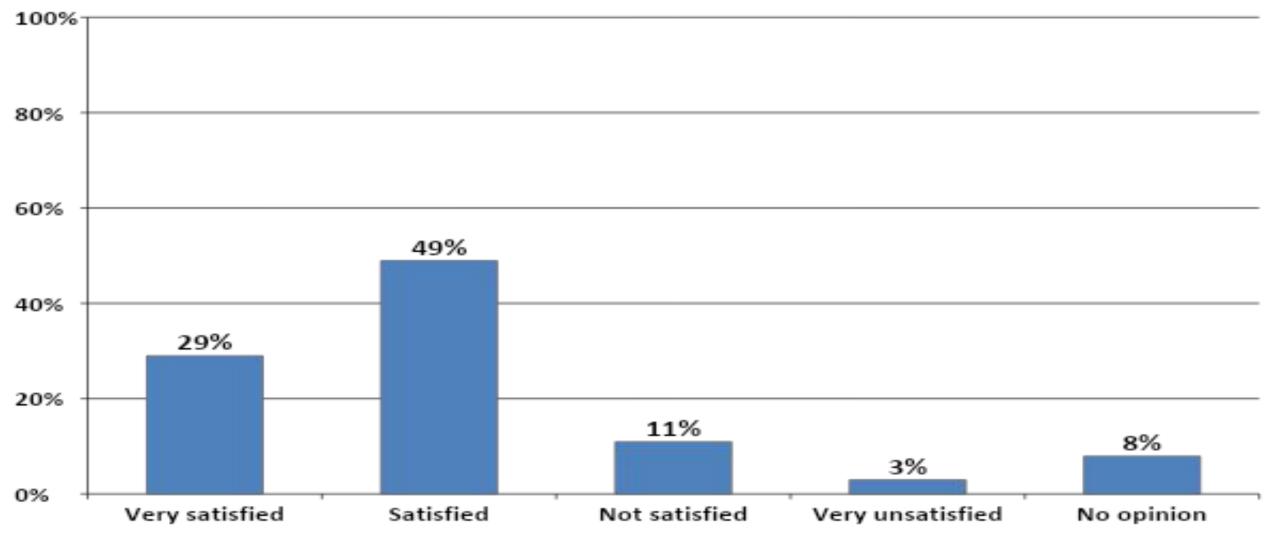

Please tell us how well you believe we are doing in each of the following areas:

Great (4), Good (3), Fair (2), Poor (1)

ltem	Staff	Parents (Non-Staff)	Non-Parents (Non-Staff)
Providing a safe learning environment	3.66	3.25	3.24
Delivering a high-quality educational experience	3.56	3.14	3.01
Maintaining school facilities	3.39	3.10	2.83
Keeping the public informed	3.10	2.63	2.69
Hiring and retaining high-quality faculty and staff	3.03	2.57	2.52

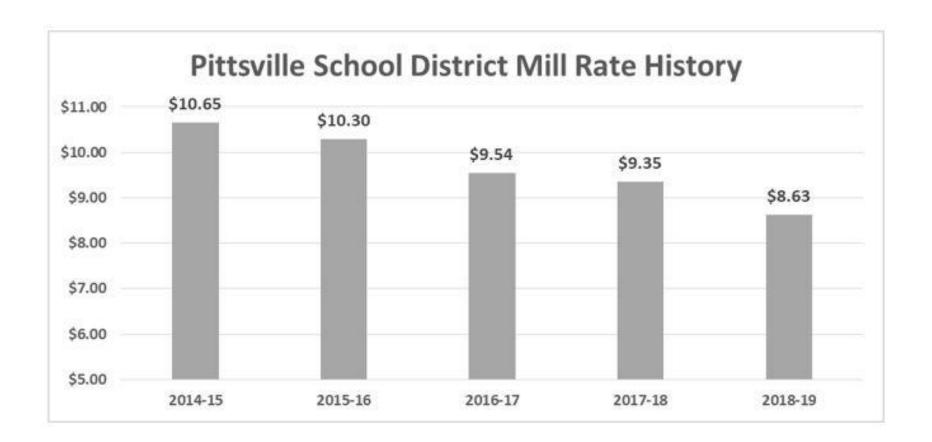

Overall, how satisfied are you with the Pittsville School District?

(All Respondents)

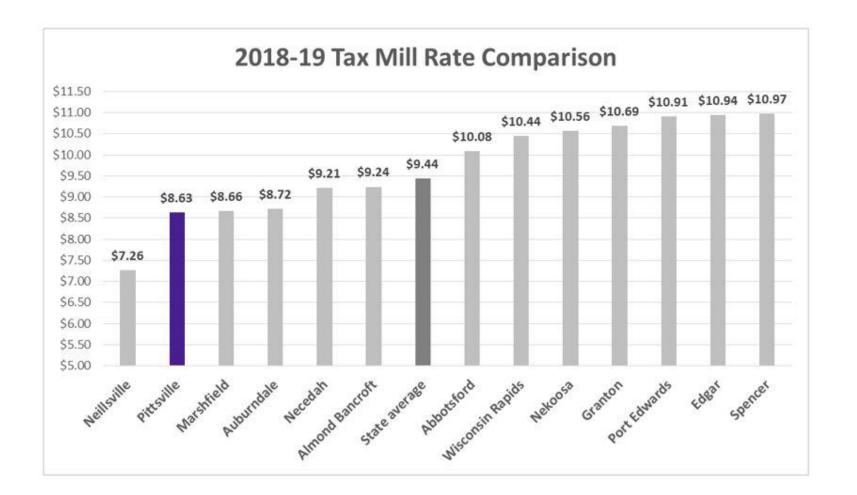

Financial Background

The Pittsville School District works hard to be good stewards of taxpayers' dollars. The District's tax mill rate, which is used to calculate property taxes, has dropped by **\$2.02** over the last five years.

As a result, the District's tax mill rate continues to be one of the **lowest in the region and is \$0.81 below the state average**. Therefore, the owner of a \$100,000 home in the District pays \$81 less than the state average on the school portion of their property tax bill.

Financial Opportunity

Over the past two years, the District has levied funds to support and develop before- and after-school programming as well as full-day 6-week to school-age child care programs. Beginning in the fall of 2022, the full-day program should be self-sustaining. **Because this levy will no longer be needed, the District will have the opportunity to invest in the facility projects while having minimal tax impact.**

Facility Priorities

The School Board reviewed the condition of our schools and has identified the following priorities:

Improve Our Career and Technical Education and Agriculture Science Classrooms and Labs

The 50-year-old high school technical education building has served students well, but functionally has outlived its intended use and needs renovation or replacement. Educational programs are changing and, with a growing demand for agriculture science and trade-focused career training, our current spaces are over capacity. Our agriculture programs are currently taught in one classroom. It lacks small- and large-animal lab space and room for hands-on student experiences. The demand for qualified individuals in various agriculture science careers continues to increase, and the District's program has no space to grow to meet the job market needs. A new technology and agriculture science facility will provide up-to-date learning facilities for years to come.

Update Building Systems

While our school has been well maintained, the high school backup boiler has exceeded its useful life and is in need of replacement, a portion of the school lacks air conditioning, sections of the parking lot need to be resurfaced, and the primary wing roof is in need of replacement in the near future.

Address Deferred Maintenance Projects

Due to their age, the District has classrooms that are in need of updates to floors, lighting, paint, and cabinetry.

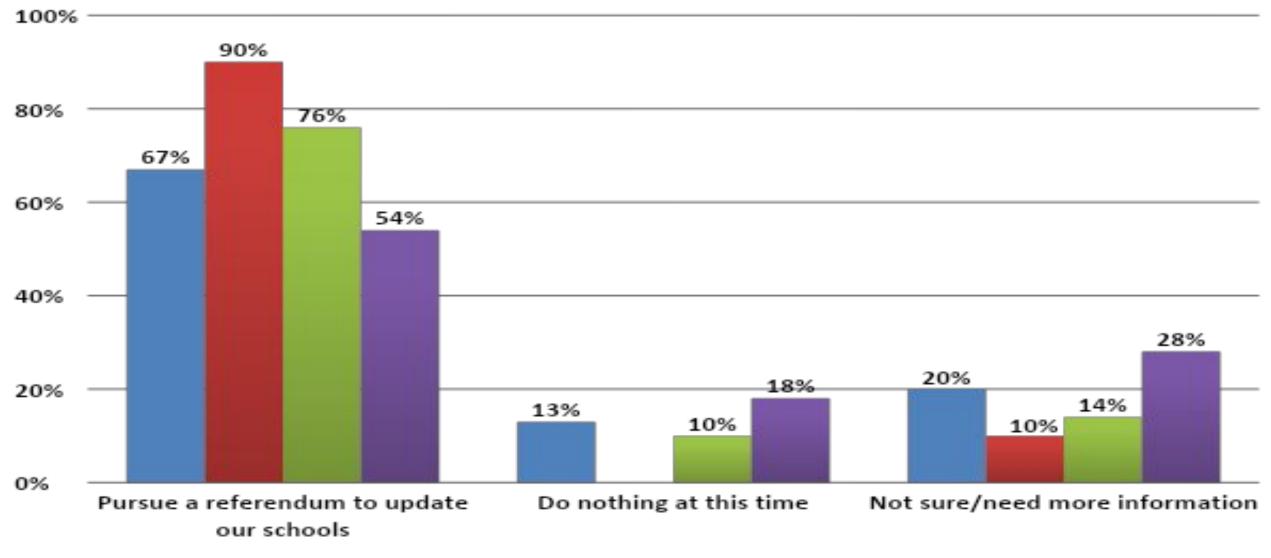

Add Indoor/Outdoor ADA Accessible Restrooms

There are no restrooms accessible from the baseball diamond and city park area for use by our physical education classes, district and youth athletics, as well as designated community events.

If the community chooses to address the above-mentioned needs, the primary way to obtain funding is through a referendum.

What advice would you give the School Board?

(Pittsville School District Residents Only)

All Residents Staff Parents (Non-Staff) Non-Parents (Non-Staff)

Build a New Career and Technical Education Center If the community supports pursuing a referendum, the District has identified the need to build a new Career and Technical Education Center as the highest priority.

BUILD A NEW CAREER AND TECHNICAL EDUCATION CENTER

There is a growing demand for skilled employees in construction, manufacturing, and agriculture careers in our region. Our current Career and Technical Education (CTE) building is more than 50 years old and lacks the space, technology, and equipment required to meet students' needs. The space shortage limits the variety of courses we can offer and the number of students we can serve in a class.

A new 25,000 sq. ft. Career and Technical Education Center would be built with classrooms and labs designed to:

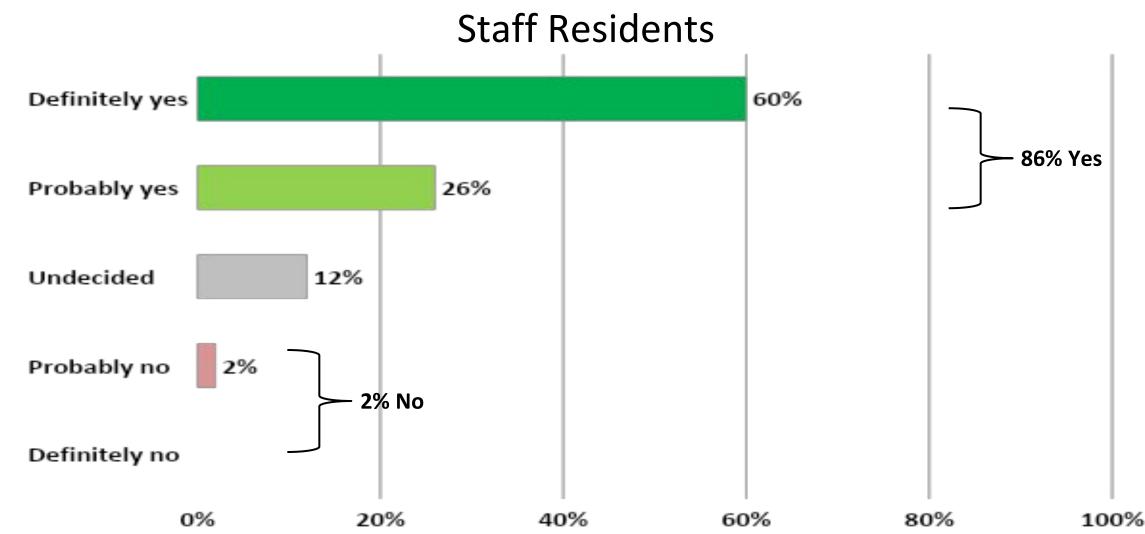

- Expand course offerings to meet student interest and workforce demands
- Incorporate the latest tools and equipment
- Provide more job-like, project-based, and skilled trade experiences for our students
- Improve student security
- Provide space for adult education courses outside of the school day

Estimated cost: \$6.4 million

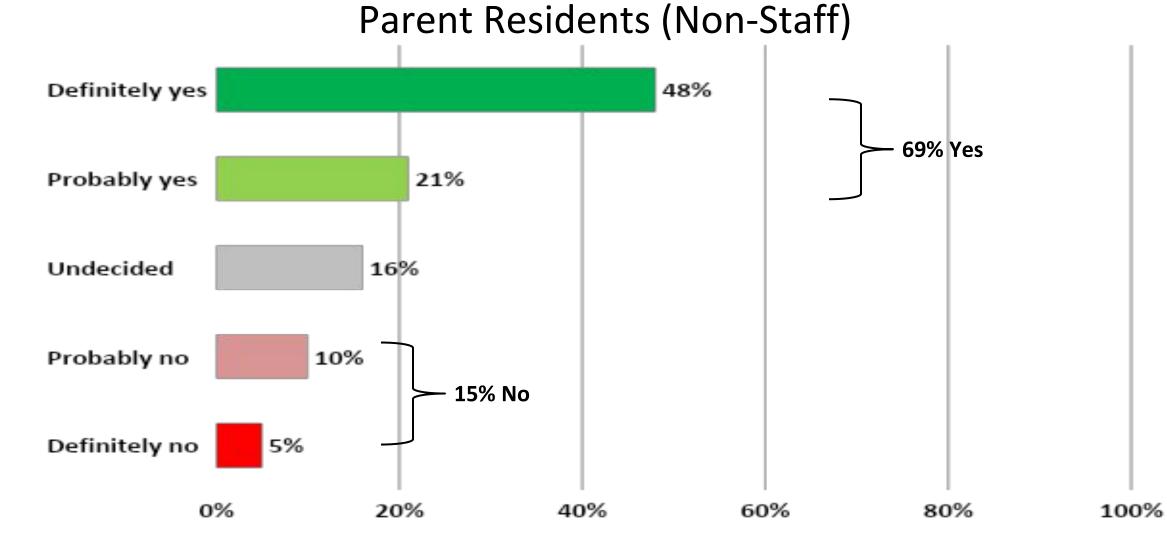

Representing an estimated annual net tax increase averaging \$16 for each \$100,000 of property value for each of the next 15 years (life of the loan).

Additional Projects

How likely would you be to support a plan that provides funding to...

Very likely (3), Somewhat likely (2), Not likely (1)

ltem	All Residents	Staff Residents	Parent Residents	Non-Parent Residents (Non-Staff)
replace the high school backup boiler? Estimated cost: \$25,000	2.65	2.83	2.63	2.61
replace the roof over the primary wing? Estimated cost: \$225,000	2.49	2.69	2.52	2.42
update primary wing classrooms? Estimated cost: \$80,000	2.31	2.44	2.41	2.19
add air conditioning/dehumidification systems in the 2000 section of the school? Estimated cost: \$180,000	2.25	2.46	2.44	2.04
add indoor/outdoor accessible restrooms? Estimated cost: \$250,000	2.12	2.41	2.26	1.92
repave the parking lots? Estimated cost: \$90,000	2.03	2.32	2.06	1.92

Funding Support

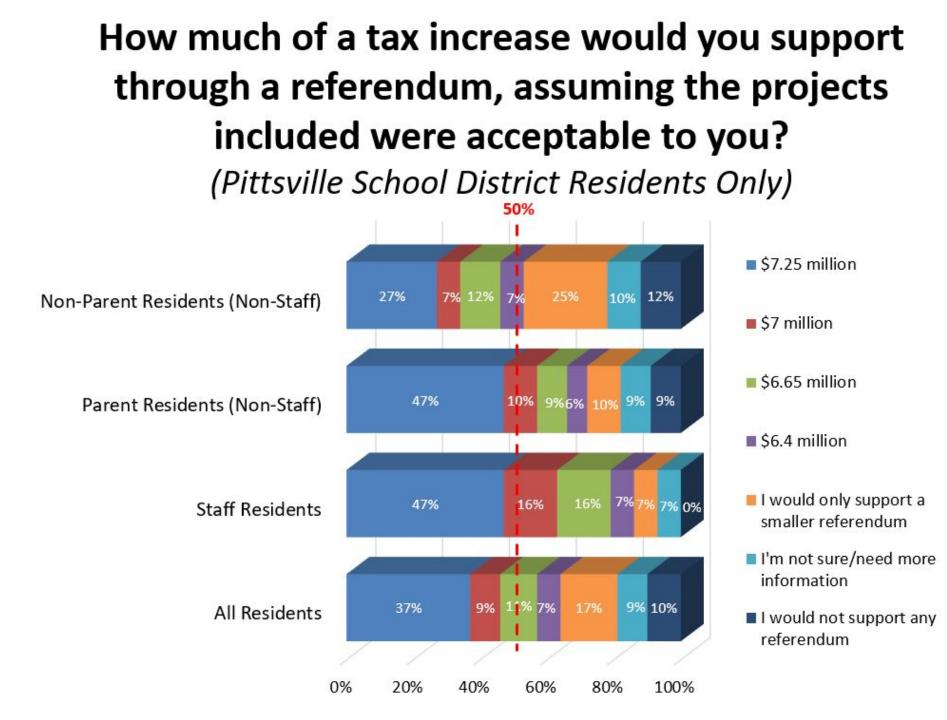

The cost to address all of the projects identified in the survey is approximately \$7.25 million and includes:

Build new CTE Center	\$6.4 million
Replace High School Backup Boiler	\$ 25,000
Replace the Primary Wing Roof	\$225,000
Update Classrooms Primary Wing	\$ 80,000
Add Air Conditioning	\$180,000
Repave Parking Lots	\$ 90,000
Add Indoor/Outdoor Accessible Restrooms	\$250,000

The School Board believes the District's current financial situation provides a good opportunity to consider addressing our facility needs. Interest rates remain historically low, and the retiring levy described on page 2 of this survey minimizes the tax impact of any future investment in our schools.

The following table calculates the average net tax increase for various referendum amounts, factoring in the retiring levy and debt. The District would like to know your level of support, should it consider a referendum.

ESTIMATED NET SCHOOL PROPERTY TAX INCREASE						
Referendum amount	\$6.4 million Career and Technical Education Center Only	\$6.65 million	\$7 million	\$7.25 million		
Estimated average net tax increase per \$100,000 of property value	\$16 per year	\$21 per year	\$29 per year	\$35 per year		

Thank you!
