STUDENT SURVEYS

333.1

The School Board respects the privacy rights of parents and their children. No student shall be required to participate in any survey associated with a school program or the district's curriculum, or which is administered by a third party in the school, if the survey includes one or more of the following items:

- 1) Activities involving the collection, disclosure or use of personal information collected from students for the purpose of marketing or for selling that information (otherwise providing that information to others for that purpose.)
- 2) The administration of any survey containing information related to one or more of the following items:
 - political affiliations or beliefs of the student or the student's parent;
 - mental and psychological problems of the student or the student's family;
 - sex behavior or attitudes;
 - illegal, anti-social, self-incriminating, or demeaning behaviors;
 - critical appraisals of other individuals with whom students have close family relationships;
 - legally recognized privileged or analogous relationships such as those of lawyers, physicians, and ministers;
 - religious practices, affiliations, or beliefs of the student's parents; or
 - income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program.
- 3) Any non-emergency, invasive physical examination or screening that is: (a) required as a condition of attendance, (b) administered by the school and scheduled by the school in advance, and (c) not necessary to protect the immediate health and safety of the student or other students.

The building principal shall notify parents/guardians at the beginning of each year of the specific or approximate dates during the school year when such survey activities are scheduled involving their children. Parents/guardians shall be given the opportunity to request that their child not participate in a survey containing the above information. If a survey containing the above information is funded in whole or in part by a program administered by the U.S. Department of Education, written consent shall be obtained from the student or, in the case of a minor student, the student's parent/guardian before the student participates in the survey.

Parents/guardians may, upon request, inspect a survey containing any of the above information and any survey created by a third party before the survey is administered or distributed to a student. They may also request to inspect any instructional materials used in connection with the survey or any instructional material used as part of the educational curriculum for the student. Requests to inspect a survey or instructional materials should be made to the building principal or his/her designee. Survey inspection requests should be made prior to the date in which the survey is scheduled to be administered to students. The principal or designee shall respond to such requests without delay.
