

Pittsville PTO

Supporting the Pittsville School District's Teachers, Staff & Students
5459 Elementary Avenue • Pittsville, WI 54466

Hello families,

On October 24, 2023 the PTO will be sponsoring a Sky Dome Planetarium for the Pittsville Elementary Students. Sky Dome Planetarium is provided by Mobile Ed Productions. This interactive program is able to be funded through raised money from our Summer Brat Fry, the Penny War, and Concession Nights. Please watch for more upcoming fundraisers and activities from the PTO.

Are you ready to blast off?

Take your students on a 45-minute journey through the universe from the comfort and security of your own school. Our portable, inflatable planetarium will come right to your location and dazzle your budding astronomers as they are taken on a tour of the solar system.

Students will enter the dome and be introduced to a "star filled" sky. Our navigator with the use of a digital planetarium projector and a laser pointer, will guide students through the stars of the Northern Hemisphere exactly as they appear on the day of the presentation.

Students will learn how to identify every planet in our solar system in dramatic "flights" towards each world. They will be introduced to Greek mythological characters and see how these heroes of the past can be found in the stars. Students will witness the night sky in different seasons and from different global perspectives.
